

Building Smart Economy

ECOIN (ECX Token)

- PROJECT PLAN -

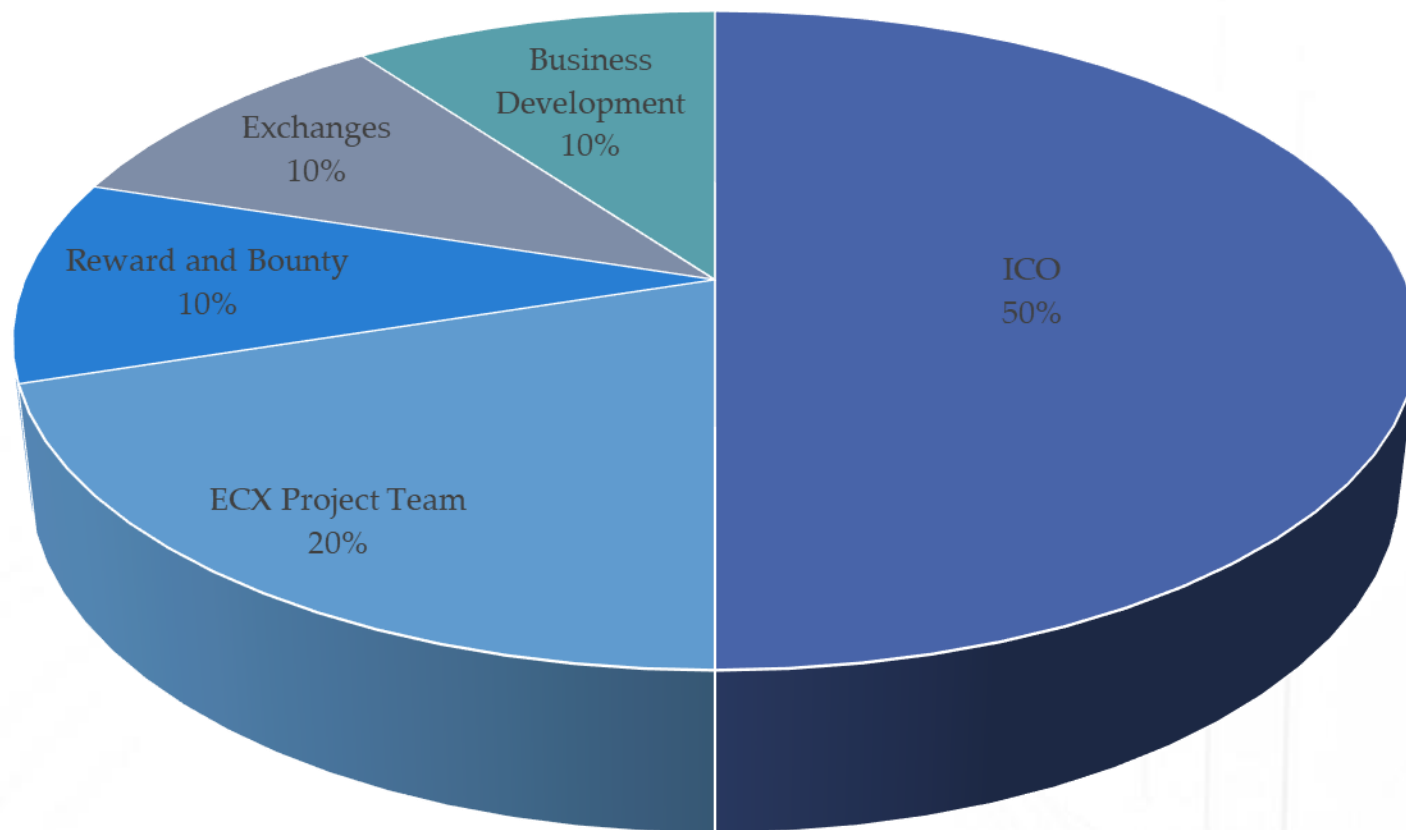

About ECOIN (ECX) Token

- ECX Tokens is an ERC20 compliant token running on Ethereum blockchain that will be used for the business development project.
- ECX Tokens can be purchased from the public exchanges and the value of the token can be stored using an Ethereum digital asset wallet.
- To enable the public and investor to purchase ECX tokens and participate in the expansion of the ECX business project, it is structured as an initial coin offering (ICO) for the issuance of ECX Tokens that can be used for business project purposes.
- ECX Tokens Sale will be structured as below

Token Sale Structure	Fixed Cap Sale- Premined
Technology	Ethereum
Symbol	ECX
Total Token Supply	1,000,000
Token Sales Dates	28 June 2018 – 28 July 2018
Token Price	1ECX = RM0.62 (0.16USD)
Minimum Contribution	0.1ETH (BTC/RM equivalent)
Method of Contribution	ETH, BTC, RM
