

WHITEPAPER

OneBit Decentralized Token Instant Payments
Basis and roots of the project

Affiliate Program

WHAT IS ONEBIT AFFILIATE PROGRAM?

And what will the OneBit token be backed by?

OneBit is a decentralized service that accepts payments for information sites that sell information products. If you have created an electronic product, a training course or provide paid services, and you need to enable payment acceptance on the site? Then the OneBit service is what you need! Just connect to our decentralized network and add your website. Start accepting payments instantly with all popular decentralized payment methods.

We will provide your customers with a convenient and understandable form of payment and detailed video instructions, making the decentralized payment process as simple as possible for your customers. You can limit yourself to accepting cryptocurrency payments, or you can connect a ready-made affiliate program for your website or to provide online services, set the percentage of deductions for your partners to promote your website.

Affiliate percentage rewards start from 65% to 80%. This means that every willing person, after becoming a partner, thanks to our service, will begin to earn a decent and stable income.

OneBit token will become a payment stable token through our partnership program. Our project is launching Airdrop and pre-sale to attract investment for a partner service. After the pre-sale of the token, OneBit will enter the Pancake swap exchange and the liquidity of the token will be blocked indefinitely for the safety of investors and the affiliate program.

After the pre-sale is completed, our team will launch an affiliate program to maintain a stable price for the OneBit token and a marketing agency to continuously support the project.

FEATURES OF THE ONBIT PAYMENT SYSTEM

Features of the OneBit Affiliate Program

OneBit will become the only corporate decentralized platform where everyone can start earning from 80% of the profit from each attracted client from the sale of information products or online services of payment system partners. One Bit token will become the main payment token in the affiliate program.

Reliable Progressive Affiliate Program

A ready-made affiliate program for your site, set the percentage of payments to your partners for promoting your site. Interest rates start from 65% to 80% for 1 promotion of your partner to your final information product. Payment is made to the final addresses by all system participants thanks to blockchain technologies and a payment smart contract that plays the role of a bridge between the buyer, the seller and the referral partner.

Easy integration of OneBit tokens

FAQS

Frequently Asked Questions

Here are the answers to frequently asked questions. You will find answers on how to participate in the pre-sale of the project or how to get a free OBIT token. You will also find answers to questions from the OneBit affiliate program.

KEY QUESTIONS ABOUT THE ONEBIT PROJECT

How to take part in the Airdrop and Pre-Sale?

- 01) Simply visit trustwallet.com and download the application. The app is secure and widely used in the de-fi market. (Remember to never share your seed phrase).
- 02) Purchase BEP20 BNB to fund your Trust Wallet or Meta Mask wallet.
- 03) Copy the giveaway page, go to the trust wallet in the browser section, paste the link into the browser, change the network to Binance Smart Chain, pay the minimum transaction fee and get 200 free OBIT digital tokens. Or you can take part in the pre-sale by paying 0.05 BNB and you will receive 10,000 OBIT tokens.

Is there a Referral bonus in the presale of tokens?

Anyone after receiving free OBIT tokens has the right to participate in the referral program. Also, if the participant receives OBIT tokens in the pre-sale, then he will be able to become a referral of the project and receive bonuses in the amount of 25% for each referral attracted. Referral bonuses are automatically sent to the Meta Mask or Trust Wallet owner address.

When will the Airdrop and Presale of the project end?

The pre-sale and airdrop is due to end on 15 March, Its 2 - nd round of pre-sale. 2024. But if the pre-sale tokens run out before the specified time, in this case, the Launch will be earlier than the scheduled day.

How will the OBIT token be secured to maintain a stable price?

After the launch, the OBIT token will be launched on the Pancake swap exchange in parallel with the affiliate program itself, where there will be sellers of information products or services. In this affiliate program, the main payment token will be the OBIT token. This means that over time, with the development of the affiliate program, the OBIT token will rise in price and become more popular.

When is the OBIT Token Audit Scheduled?

After the completion of the pre-sale, before launching on the Pancake swap exchange, there will be an official Audit of the OBIT token.

What will happen if the project does not have time to sell all 25% of OBIT presale tokens within the specified period?

If the project does not have time to sell all 25% of the pre-sale OBIT tokens within the specified time limit in this case, a vote will be announced. There will be 2 development options. Either the rest of the pre-sale tokens will be sent to a dead address and burned, but in this case, the price of 1 OBIT token will be determined by an exclusive exchange. Or a second round will be announced to sell the remaining OBIT tokens and keep the price of the token before listing on Pancakes WAP. Since our marketing department team will take all high-profile tools and efforts for promotion and marketing on all popular social networks, paid aggressive advertising. That OBIT pre-sale tokens may end in the first 30 days after the launch of the project. This means that many people will not physically have time to connect to the pre-sale and become the first holders, since places will be limited. And there will be no physical pre-sale tokens left for others.

When is Coinmarketcap and Coingecko's OBIT token listing scheduled?

After the launch of the main service, the payment affiliate program will be listed by Coinmarketcap and Coingecko. You can track this event in the project road map.

Why should we trust this project and OBIT token?

Our team and our project do not force anyone to trust our project. Since there is one indisputable fact in our project, We never ask our holders to judge us by the success of the project. We ask holders to judge us by failures, because there are practically none. In the case of the OneBit affiliate program, every ordinary person has the opportunity to receive passive income from 65% to 80% of the profit from each information product. Because trust takes years to build and trust is very hard to get.
