

CanadaCoin.world

Mission Statement

No one is useless in this world who lightens the burdens of another. - **Charles Dickens**

Together, we will provide underprivileged youth in countries around the world the ability to participate in organized sports. By teaming up with organizations around the world we invest in the lives of children to empower them to lead a better life. Our goal is to show the positive impact that crypto can have in today's society. With the help of investors, we can provide innovative solutions to assist families all over the world.

Stats

- 92% less likely to get involved with drugs
- 80% less likely to get pregnant
- 3 times more likely to graduate than non-athletes
- Of students who exercised six to seven days, 15% reported suicidal ideation, and 6.4% reported a suicide attempt in the past year, compared to 24.6% and 10.3% of students who exercised zero to one day
- Getting people active could save the the global economy nearly \$68 billion annually in medical costs and productivity

For more information on the benefits of youth sports click [here](#)

Charity

Our philosophy focuses on helping children all over the world by providing funding for children's sports programs and scholarships. As a Canada Coin holder, you will directly make an internationally positive impact on future generations.

Canada Coin is happy to team up with [Ipoderac](#) – a foundation focused on helping kids stay off the streets. On June 18th, Canada Coin had the pleasure to fly to Mexico for a weekend of fun with all the children. We delivered sports equipment, jerseys and exchanged a few laughs. This experience has made us even more passionate about our altruistic goals. We cannot wait to see how far this journey takes us. Through crypto we will change the world one smile at a time!

CADA Relaunch Roadmap

Nov 10th The snapshot is taken, trading is paused, and **CADA Relaunch** is announced

Nov 11th – 22nd Tokens are returned, any private sales are made, and LP is swapped to the new contract

Nov 22nd New CADA Contract and audit are published, Presale AMA and Marketing week begins

Nov 30th CADA Presale Goes Live – Soft Cap 200 *BNB*. Hard Cap 400 *BNB*

Dec 2nd CADA Relaunch Goes Live with NFT Marketplace

Dec 2nd – 9th CADA Existing Holders are issued their tokens. 20% of existing balance bonus airdropped over the course of the week.

Dec 2nd – 9th CADA Presale Place Holders are issued their tokens with 10% presale purchase bonus airdropped over the course of the week.

Tax Model

The **CADA** Token has a total supply of 1 Billion. The current tax model is 12% on purchases and 14% on sales. The transaction tax is distributed into four different categories:

- 5% BNB Rewards
- 3% LP feedback
- 2% CADA Token Marketing/Charity (+1% sale)
- 2% Community Development (+1% sale)

The **NFT Marketplace** will place a 5% tax on the sale of a CADASCAN verified NFT, and the remainder is paid to the artist in the same currency as the listing, CADA or BNB.

- 2% CADA Token Marketing/Charity
- 2% Community Development
- 1% LP feedback

The **GAME ON Gaming Center** will provide players will numerous opportunities to complete for BNB reward pools. The distribution of rewards is as follows:

- 50% BNB Rewards to the winner(s)
- 45% Direct donation to a community voted charity
- 2% CADA Token Marketing/Charity
- 2% Community Development
- 1% LP feedback

Tax Model Explained

BNB Reward Pool

The 5% BNB rewards are collected from each transaction and released to holders every hour. They are issued in relation to percentage share of circulating supply.

LP Feedback:

The 3% **Liquidity Pool** or (LP) feedback helps keep the **Liquidity Pool** growing to assure a healthy transaction process. **Liquidity Pools** are essential for the DEFI process and act as an automatic market maker or (AMM). For more information on how **Liquidity Pools** work click [HERE](#).

Marketing/Charity:

To be able to expand Canada Coins reach we have instituted a 2% tax that will be used to market the project. By marketing, Canada Coin will be able to gain new holders which will help everyone win including our charity. The marketing fund is tied to the charity so that the funds can be easily utilized for charitable events and marketing but not limited by one or the other.

Sales Tax:

The sales tax is to act as one more layer to help discourage whales from unloading. The 2% sales tax is only applied to sales. The sales tax is split 50/50, 1% will be added to the charity and marketing wallet, and the other 1% will be used to support the hard-working members of our community, and the development of future projects.

***Canada Coin is a firm believer that investors at any level of experience with cryptocurrency should easily be able to track all transactions at their discretion. We have not implemented automated taxation in the form of a buyback for this reason. These can be issued to owner wallets and used to conceal transactions from a community. Buybacks and burns will take place manually with issued transaction tracking during promoted community events and charity polls. This will help Canada Coin promote future events and market to potential new investors.

CADA Scan V2

CADA Scan is a next generation token scanning analysis and diagnostics tool. As you have already found CanadaCoin there is no reason to buy any other token, but if you are a bit of a gambler and want to take the risk on a new token why not count the cards? With CADA Scan on your side you will get a more in depth look into whether your speculative token purchase is likely a scam or not.

Features:

- In-depth contract analysis
- Developer wallet analysis
- Whale analysis
- Rug-pull likelihood
- Honeypot likelihood
- Pump-and-dump likelihood
- PancakeSwap Token Charts

Meet the team

CEO

Our CEO Khole Dallas, has been immersed in the crypto market for over 10 years and is passionate about the future economics where a decentralized currency is what will be used on a day to day basis. His expertise in blockchain and training in developing crypto currencies along with his vision for a successful coin make him the right person to lead Canada Coin to a successful project.

COO

Marc La Liberté joins Canada Coin with over 20 years of operational management experience, strongly focused on startup companies and redevelopment. His enthusiasm for blockchain technology is complimented by a consuming work ethic that successfully guides projects to completion, and innovation. A native of Vancouver, British Columbia, Marc hopes to one day return to the Lower Mainland with his wife and two sons to continue his career in cryptocurrency as global adoption continues to advance.

Special Thanks

Canada Coin would like to thank everyone that has contributed their time and support to this amazing project. Without our team none of this would have been possible.

We thank all of those that are out fighting the good fight, warning those that are consumed by scams and rug pulls. With CADA Scan we will be one step closer to a better crypto environment.

Thank you to our charitable partner [Ipoderac](#) working with us in our quest to help children.

The community support has been nothing less than astounding, without that support CanadaCoin would not be able to live out its mission to lift up underprivileged youth around the world. “Wen Lambo” may be a meme to most of us, but “Wen next meal” is a real question for a lot of these young people. By giving these children access to youth sports and equipment, they can look forward to something fun in a world of strife. They can learn life skills that statistically have a huge impact on their future. For your contribution to this virtuous cause we thank you.

Last but not least thank you to the children for helping us look inward and become better people. You are our future and we thank you for your courage and determination to push on.

Disclaimer

While this whitepaper outlines the project's goals and ethos, this document is not legally binding and does not constitute any form of financial or investment advice. Nor should it be considered a final version and is subject to change without prior notice as the project is always evolving and the team is looking for the best opportunities and developments for the community.
