Space Doge Coin

WHITE PAPER 2

DISCLAIMER The information shared in this whitepaper is not all-encompassing or comprehensive and does not in any way intend to create or put into implicit effect any elements of a contractual relationship. The primary purpose of this whitepaper is to provide potential token holders with pertinent information in order for them to thoroughly analyse the project and make an informed decision. Prior to your participation in the purchase of SpaceDogeCoin coins, we strongly advocate a careful study of this whitepaper all the documents associated with the same, including the contract in relation to the purchase of the same. You may even engage the services of appropriate experts to help you with investment analysis. Certain statements, estimates and financial information featured in this whitepaper are forward-looking statements that are based on and take into consideration certain known and unknown contingencies and risks which in eventuality may cause the estimated results or may differ factually and substantially from the featured estimates or results extrapolated or expressed in such forward-looking statements herewith.

Tokenomics About Space Doge Coin?

Space Doge Coin is a non-existent USDT reflective distribution token.

As long as you hold Space Doge Coin tokens, each transaction will be taxed up to 5~30%, which will be converted into USDT and distributed proportionally to all Space Doge Coin holders. Until the day we land on the moon with "Elon Musk"

ROADMAP

2022 PLAN

We don't write fancy plans

I'll show you in action

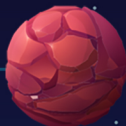

Publish only realized roadmaps

Our destination is a \$1,000,000,000 moon landing.
