## Introducing BFARM

BFARM is a new yield farming platform built on Binance Smart Chain (BSC), offering users fixed and steady daily income. The platform is safe and secure for users looking to maximize their income through staking. Leveraging the BSC network ensures that transactions occur at a fast pace. Hence, users can enjoy quick staking and yield generation with ease.

The protocol offers withdrawals with a steady daily income of 17.5% upon deposits. In addition, users can also earn through the Bfarm affiliate program.

We started our DeFi journey as investors and have interacted with every type of platform under the sun. We gotten rugged, We've made profits, we seen it all

Investors

Developers

We come from a variety of backgrounds, but the one thing that brought us together was our love for smart contract development

Our team is overflowing with creative idea for how we can make huge impact on the DeFi space right now. We made plan for BNB Or BUSD platforms, and More!

# What is Bfarm

The goal of this project is to grow a community of consistently profiting individuals that will be passionate about our mission to build high-quality DeFi apps!

This is our introduction to the DeFi space! Our success as an organization is directly tied to the success of our users. We'd like to create high-profit platform to create satisfied audience that will support us in future projects!

## **Lockups:**

To ensure the contract cannot drain in value, deposit are locked based on the designated lockup periods. This will ensure far more longevity compared to other ROI contracts.

## **Withdraw Half:**

We encourage users to use the default "Withdraw Half" option on our platform. This will allow you to take profit and reinvest earnings at the same time. This will allow users to profit for longer periods of time and save on gas fees.

## **Partnership program :**

If you have a larger following and feel as though if you can contribute to the growth of our project, we're always ready to collaborate and create profitable opportunities for all our partners.
