# KICHI COIN (\$KICH) BEP20

AUTOMATIC REWARDS / INTERACTIVE / COMMUNITY / CHARITY / LOTTO MOONPOT / NFT

**KICHICOIN (\$KICH) IS A REVOLUTIONARY DE-FI COMMUNITY DRIVEN UTILITY TOKEN THAT PROVIDES SAFE, SECURE, HASSLE-FREE TRANSACTIONS FOR ALL HOLDERS AND A WEEKLY LOTTERY SYSTEM THAT BRINGS JOY TO OUR HOLDERS.**

## INTRODUCTION

After witnessing the emergence of countless crypto telling their holders to HODL and watch their coins grow, we knew that there was a better approach. We saw thousands of novice investors being led on an emotional roller coaster ride that promised to take them to the moon while eventually reminding them of Earth's gravity. Let's face it, investing in a coin that takes you to the moon requires a lot of luck. In response to this trend, the founders of KICHI (吉) COIN have decided to create a token that brings luck, happiness, and rewards together through honest gamesmanship.

SO MUCH TO LEARN  
ABOUT KICHI!

# 01 ABSTRACT

**KICHI (吉) COIN WAS BORN TO UNITE THE COMMUNITY TOGETHER TO ACHIEVE COMMON GOALS THAT REWARD EVERYONE INVOLVED.**

**KICHI (吉) COIN'S MISSION IS TO COMBINE THE BEST SO-CALLED "NEXT-GEN" CONCEPTS INTO ONE EVOLVED NEXT-GEN IDEA THAT INTRODUCES OUR HOLDERS TO FUN AND MEANINGFUL WAYS TO USE THEIR COINS.**

**WITHIN THE FIRST MONTH OF OUR LAUNCH, WE FORECAST KICHI TO BREAK RECORDS AND ACHIEVE UNPRECEDENTED MILESTONES FOR A PROJECT OF ITS KIND. EXISTING MEME-COINS ARE OUT OF LUCK BECAUSE KICHI OFFERS UTILITY AND PRESENCE THAT WILL DOMINATE THE CRYPTOVERSE.**

# 02 FEATURES & PRODUCTS

## **KICHI GAMES**

These unique games will function two-fold. First, they aim to unite the KICHI community with challenges and goals. Second, they provide a chance for each player to win KICHI tokens. The last person to complete the community goal will win the KICHI MOONPOT.

*Oops, did we forget to mention that every game will benefit a charity fund? More on that later...*

## **KICHI LOTTO (Ready by Launch)**

The founders believe that holding and watching your tokens grow as a form of passive income is truly too passive. So, we are introducing weekly lotto drawings to encourage holders to hold until they reach the moon -- or even Mars if they want to. We love the fact that one KichiClan member will win the lottery each week and become wealthier. This lottery will utilize Chainlink VRF, so don't try to game our system. There will be mechanisms in place to prevent lotto winners from immediately dumping their coins after winning.

## **KICHI KARMA**

The more you buy and play, the more KICHI KARMA you will gain. KICHI KARMA allows users to track their progress and elevate their KICHI MEMBER STATUS. However, if you secretly FUD (spread misinformation), we will zero your KARMA.

## **KICHI MEMBERSHIP**

Each tier of KICHI MEMBERSHIP unlocks exclusive access to KICHI NFTs for our loyal holders regardless of their KICHI WALLET size. We do not care about whales. Put more precisely, we don't give a F%%K about whales. Us little KICHIs are going after the whales (If you're confused, we refer to whales as big bag holders and the elites of the world who cause misery to common folks).

## **KICHI MERCH**

Don't like NFTs? Well, then maybe you should reconsider cryptocurrency. But in the meantime, if you want something that you can hold and feel, head over to our KICHI MERCH and buy yourself some KICHI items. Legend has it that every piece of KICHI MERCH comes with KARMA.

## **KICHI CHARITY (Ready by Launch)**

While we want to highlight the fun and rewarding experience of holding and playing KICHI tokens, we strongly believe in doing good for the community. Every 2-4 weeks, a charity will be voted upon by our holders and social media users. KICHI CHARITY will also work alongside charities to raise funds for partnering organizations.

## **KICHI NFT INSTITUTION**

Oftentimes there is a gap between education and the "real world". We recognize this disparity and we will be creating a platform for aspiring young artists to display their creations on our platform while also earning scholarships and KICHI. Potential partnerships are pending.

# 03 VALUES

## HONESTY

We strive to be honest and communicate openly with our holders so that they can stay informed with every step of KICHI's growth.

## COMMUNITY

The success of KICHI depends largely on a community uniting to achieve common goals. The more community members that join the KICHI FAM, the higher the weekly LOTTO and charitable donations will be. Furthermore, KICHI GAMES rely on teamwork from the community to complete.

## TRUST

We recognize that most cryptocurrencies fail due to the lack of trust. We are committed to gaining the community's trust and everyone involved with our project by being transparent. We have reserved a team wallet because we put a tremendous amount of capital and effort into building this token. However, the team wallet will be locked for 30 days and all team members are in agreement not to sell all their tokens at once. Furthermore, KICHI's smart contract will be audited regularly to increase community confidence in our project.

## HOPE & HAPPINESS

KICHI aims to bring happiness to holders and their surrounding communities. We believe that our coin concept allows buyers to invest in a coin while also investing in hope and joy.

## GIVING

If you are reading this and have already bought or are buying KichiCoin, then you are one of the fortunate ones. We at KICHI strongly advocate goodwill and we will be contributing with charitable organizations.

## LONGEVITY

KICHI is in it for as long as it takes to get the KICHI FAM to the moon, but we won't stop there. We will develop on the moon and continue to explore the vast universe. Thus, our current plans on Earth are rooted in long-term development that will result in fruitful investments in both bull and bear market conditions.

# 04 TOKENOMICS

## **\$KICH (吉) COIN**

**\$KICH is a BEP20 token that will be launched on the Binance Smart Chain in Q2 2021.**

**The max supply is 10 quadrillion. 2.5% reserved for marketing, 2.5% reserved for development, 5% reserved for the team wallet, 5-10% reserved for pre-sale, 1-2% reserved for private sale to raise initial development funds and 50% of the supply will be burned at launch.**

**Key functionalities are built-in for redistribution. 8% distribution fee (BUY OR SELL), 3% to holders, 2% burn, 1% charity, 1% lotto, 1% back to liquidity. This means that KICHI holders will see their tokens increase automatically over time, one KICHI HOLDER will win the weekly KICHI LOTTO and we as a community will raise charitable funds.**

**Contract Verified on BSC SCAN  
Liquidity pool locked through DxSale**

# 05 ECOSYSTEM

## KICHI GAME

We are planning for players to earn KICHI FAMILY tokens on other networks. Those coins will only be minted through playing our game.

## KICHI KARMA

The higher the KARMA the higher the rewards.

## KICHI MEMBERSHIP

Exclusive access to KICHI NFTs and future KICHI events

## KICHI NFT INSTITUTION

A platform that encourages creativity and participation in talented K-12 and university students to exhibit their talents and earn scholarships and KICHI tokens.

## KICHI CHARITY

KICHI CHAN reminds us to always give back to the community. Building a prosperous community is within our DNA.
