1 About Us

The NowMeta token (\$NMETA) is based on the Binance Smart Chain and one of the first Metaverse tokens offering individuals opportunities to create in this emerging space. This white paper is subject to change due to changes in the Metaverse, as we find new ways to innovate and bring more value to NMETA holders.

NowMeta will carve out a unique path in the Metaverse, aiming to develop a platform that competes at the highest level in the market.

2 Our Mission

Our main goal is to bring diverse entrepreneurial opportunities, creating a free trade market for the NowMeta investors by leveraging other top stakeholders in the industry. NowMeta is further enriching Metaverse coin holders by opening opportunities for staking, liquidity, and diverse returns in the Metaverse. NowMeta investors will gain access to high-level networking portals and bring real-world, measurable change to their lives.

NowMeta is a deconstruction of hegemonic barriers to entry in the marketplace. We plan to develop NMETA to be the most streamlined and accessible coin across any decentralized application (Dapp) in the Metaverse.

NowMeta will build mutually beneficial partnerships with other projects in the Metaverse to give NMETA holders more entrepreneurial and investment freedom. NowMeta will develop a social media platform for investors to connect, share ideas and communicate directly with experienced investors and entrepreneurs in the emerging economy.

In implementing this exclusive network, we will include opportunities for NowMeta to gain high-level training and development with experts in the space. NowMeta will allow entrepreneurs, angel investors, creators, and individuals across all industries will build and innovate together in the Metaverse and beyond.

NowMeta is actively seeking ways to make it easy for holders to automatically earn tokens. We will release more information about this soon. NowMeta will also advance into staking to create passive earning opportunities and residual income for NMETA holders.

With our tokenomics, 4% of transaction fees will be added to the NowMeta Future Vault to provide loans and grants to advance the bright minds of the NowMeta community in the metaverse.

As the NowMeta coin evolves in the metaverse industry as a non-mintable coin, burning will be done on a regular basis based on our discretion.

3 Reliability & Security

NowMeta is building a foundation where users are in control of their data, identity and destiny.

NowMeta leverages the Binance Smart Chain to provide high-speed, secure, and transparent blockchain-based transactions. NowMeta values privacy and we ensure that all user information will not be sold or shared with any third party without your consent.

4

Core Project Features

With the change in technology and demand for access, NowMeta will act as a launchpad, incubator, and vendor for future entrepreneurs to grow and develop their ideas.

● 4.1 - 3.0 Development

4.1.1 - Entrepreneur Development

NowMeta will lead the way in the Web3 space by creating opportunities for entrepreneurs, providing tools, and offering services for seamless creation.

4.1.2 - Collaborative Enterprises / Sole Proprietorship

NowMeta will develop networking platforms facilitating different collaborative opportunities for entrepreneurs in the Metaverse.

4.1.3 - Virtual Real Estate

NowMeta will purchase real estate across key metaverse platforms to advance the project and showcase the ideas, products, and developments of NowMeta users, such as:

- Wearables - NFT art show - Education - Lectures - Pop-Ups

We will be hosting multiple collaborative events such as award shows to recognize the impact of NowMeta investors in the Metaverse industry.

4.1.4 - Blockchain Architecture

NowMeta will utilize blockchain technology to innovate and bring to fruition each core project, ensure financial stability and security, and streamline ubiquitous accessibility across global marketplaces and platforms.

● 4.2 - Education

NowMeta University will focus on empowering the preeminent latest cutting edge featuring the progressive minds that transverse in the Metaverse:

4.2.1 - Digital Skills

- Basic Blockchain Skills (How to mint an NFT)
- Design & Editing Application Software to advance NowMeta NFT productions
- CAD Design for wearables
- Art classes for NFT developers

4.2.2 - NowMeta Academy K - 12

NowMeta Academy K-12 is focused on providing Web3.0 and blockchain-related education to the youth to develop the next generation of innovators in the emerging virtual economy.

● 4.3 - Entertainment

NowMeta will be heavily focused on providing high-quality and immersive experiences for users in the Metaverse. We will give end-users the ability to easily navigate, explore and gain buying power in the metaverse alongside unique earning opportunities.

Imagine a world where you can play games while simultaneously contributing to society and earning an income. This is NowMeta.

4.3.1 - Wearables

Made by Metawide runway. Only available at NowMeta Marketplace

Providing exclusive access to wearables for the metaverse. The NowMeta NFT laboratory will create a virtual space for creators and developers, connecting them with the NowMeta Marketplace to showcase their creations metawide.

4.3.2 - NFTs

Made by NowMeta Gallery. The NowMeta NFT Laboratory will create a virtual space for creators and developers, connecting them with the NowMeta Marketplace to showcase their creations metawide.

NFT's traceability opens the doors to better customer segmentation and more tailored customer engagement. To understand customer habits and loyalty levels can now be used new variables, such as types of NFTs owned by the wallet, quantity, duration

4.3.3 - Coming to NowMeta V2

- NowMeta Gaming (Esports) (Betting on live games)
- NowMeta Radio (Podcast)
- NowMeta Games (Developing NFT games for the blockchain)
- NowMeta TV (Concerts) (Live Streams)
- NowMeta Social (Get paid for your posts and intellectual property)

● 4.4 - Corporate Responsibility

Here at NowMeta, we have a corporate responsibility to the community by providing access to education, free school meals, and clean drinking water. We are very aware of how fortunate we have been yet we don't see how it can be celebrated when so many others don't have these basic tools to survive, NowMeta is here to help us THRIVE.

Key Donations that will be made by NowMeta to advance the collective in the following sectors:

- Child Health Care
- Environmental issues
- Deforestation
- Reducing our Carbon Footprint
- Education
- Global warming
- Ocean pollution
- Wildlife conservation

5 Tokenomics

NowMeta is very unique in terms of distribution of all other tokens with an extremely intelligent & innovative holding & distribution process. Where holding coins not only secures your future but secures any future endeavors such as first claims at future projects that will advance the Metaverse first- further holding out the rich & advancing NowMeta holders to become pioneers

● 5.1 - Revenue Allocations

✓ NowMeta's tokenomics provides **5% of each transaction to charities**, making the world a healthier and safer place while building the Metaverse at the same time. Please note that charity is not only connected to Corporate Responsibilities. Charity will also include creators, businesses, giveaways, and airdrops.

✓ There is no auto-burn feature, but we will ensure to **buy back and burn roughly 5%** of each transaction.

✓ In place is an anti-rug pull-proof tokenomics that only allows a holder to pull 1% of the current supply at a time. All donations will be listed in the blockchain to ensure full transparency.

✓ 4% of transactions will get stored in the **NowMeta Future Vault** to provide loans and grants to advance the bright minds of the NowMeta community in the metaverse.

✓ 4% of transaction fees will go towards marketing and development.

6 Roadmap

● 6.1 - Stage 1

8 Deo Systems

NOW META DAO: The NOW META \$NMETA coin is built to supply 100 Owls (daos), allocating 1% (1,000,000,000 000,000,000,000) \$NMETA of the nowmeta total supply to each DAO. Every DAO is connected to the Center Node and the Center Node is the nest (bank). The nest distributes 1% to each DAO by smart contracts. All Owls are in charge of running their cities within their own ecosystem.

The Bank:

Helps Create:

Marketing Promote and develop each DAO in the NOW-META-verse.

NOW-META is a metaverse of 100 DAOs. Each NowMetaVerse will burn up to 500,000,000,000,000,000 \$NMETA tokens per Dao. After this the Now Meta Nest is full.

Each Dao will start with a 10 smart contract limit. Smart contracts will vary accordingly by each Dao. Each Dao will list smart contracts in their independent whitepapers.
