RichQuack is a hyper Deflationary, self-generating automatic liquidity that pays out static rewards to holders. Simply hold QUACK in your wallet and you will get more on every transaction!

led and managed by volunteers
50% Supply Sent to Blackhole, 50% seeded as liquidity.

We chose to design our token with a built in 12% transaction fees, which will be distributed as followed:

4% Tax To Reward Holders & Feed the Blackhole.

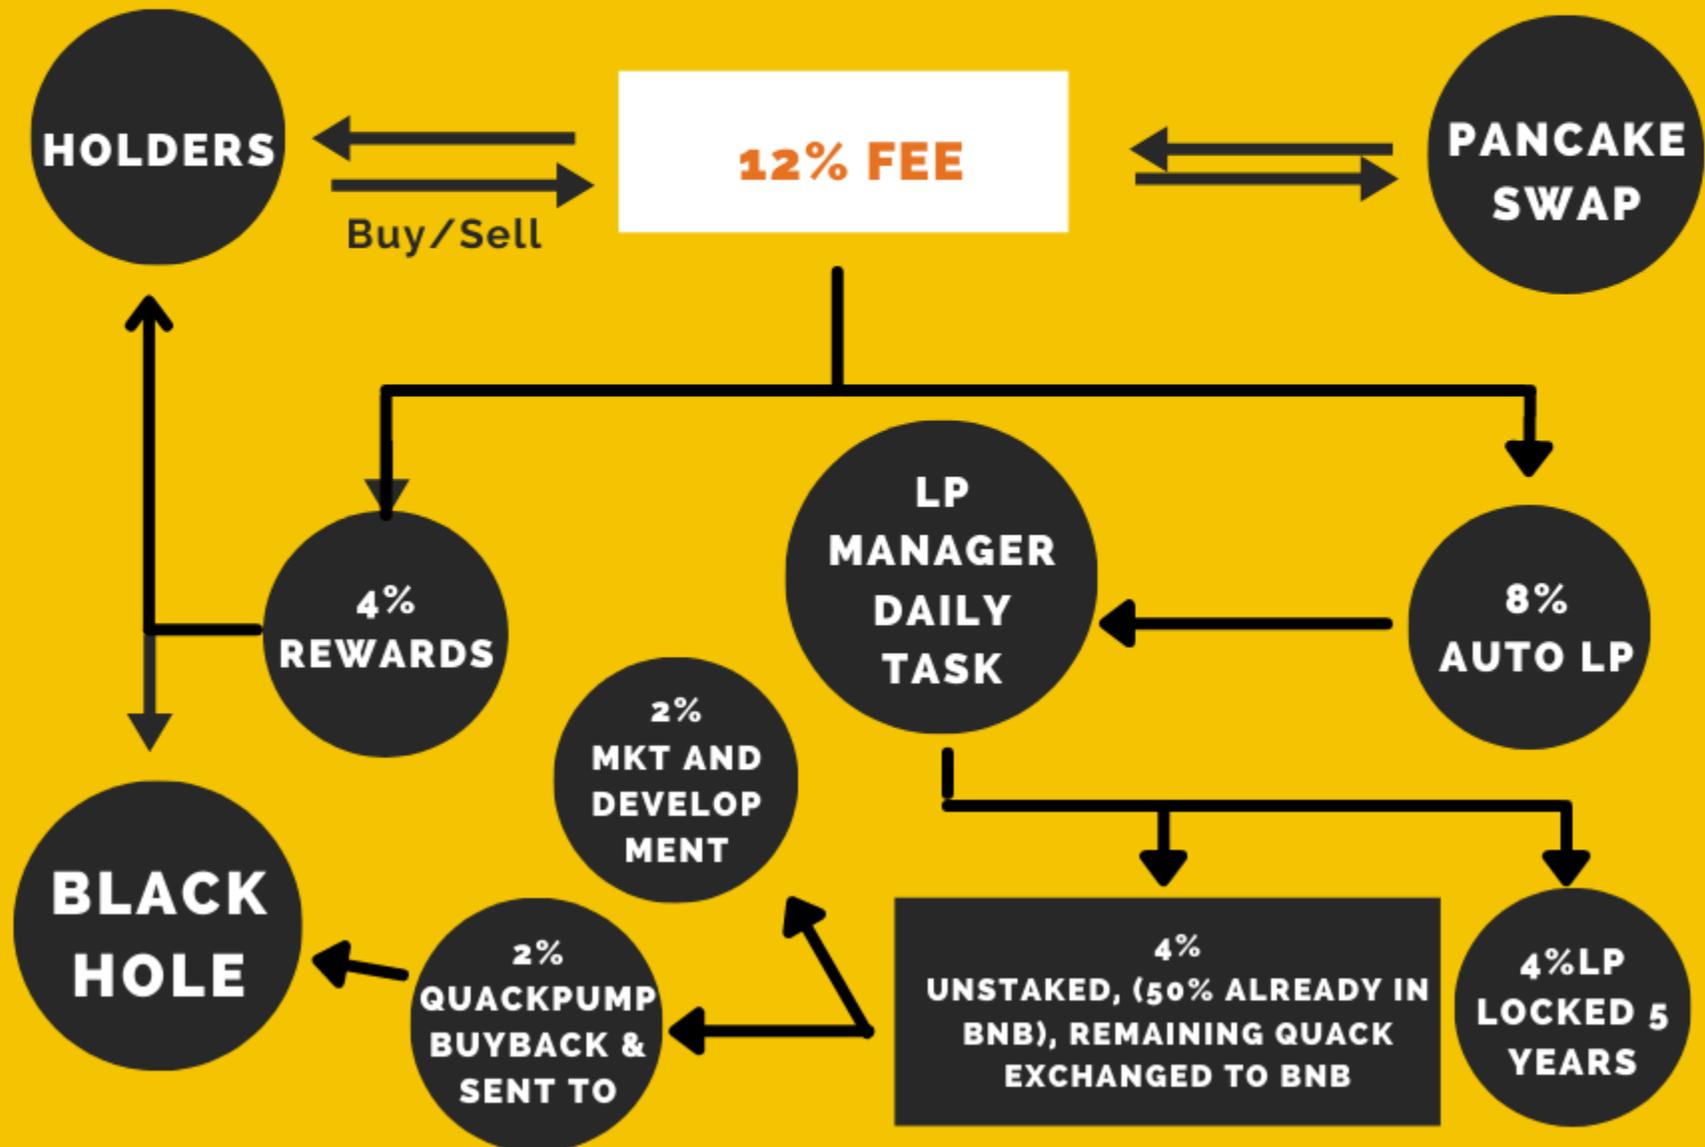

8% Tax for Self Generating Auto Liquidity

From the 8% Auto Liquidity Tax, Liquidity Manager will:

- 1. Lock 50% of Auto Liquidity Generated to Team.Finance (4%)**
 - 2. Remove 50% QUACK/BNB (4%) Liquidity Generated Manually, daily (24–48h) & Split it up to:**
 - 2% Tax for Marketing & Dev Wallet**
 - 2% Tax for QUACKPump & Blackhole Wallet**

The background of the image is a dense, overlapping pattern of various coins from different countries and eras. The coins are rendered in a light, semi-transparent grey color, creating a textured, metallic effect. Some visible details include Arabic calligraphy, a crescent moon, and the word "PAISSE".
