

Coinpad

Coinpad aims to be the most comprehensive multifunctional platform!

DAO

Welcome to Coinpad!

Our goal is to revolutionize multiple projects with unique propositions under one ecosystem. We are here to break up monopolies and create a safe place for the crypto community, where investors can browse through the real-world use cases of multiple community projects.

About Coinpad

One Currency

Coinpad will be used as the only currency throughout the ecosystem, thereby constantly increasing the demand.

Reflections & Burn

Revenue wallet will be public and the community can vote on what to do with the profits generated throughout the Coinpad ecosystem.

About Coinpad

Open To All

Our upcoming projects will be open to all, irrespective of their interest in crypto, giving us more users and revenue.

HYPE

A project/utility will be launched from Coinpad Ecosystem every month, giving us evergrowing hype, investors and userbase.

Coinpad Features

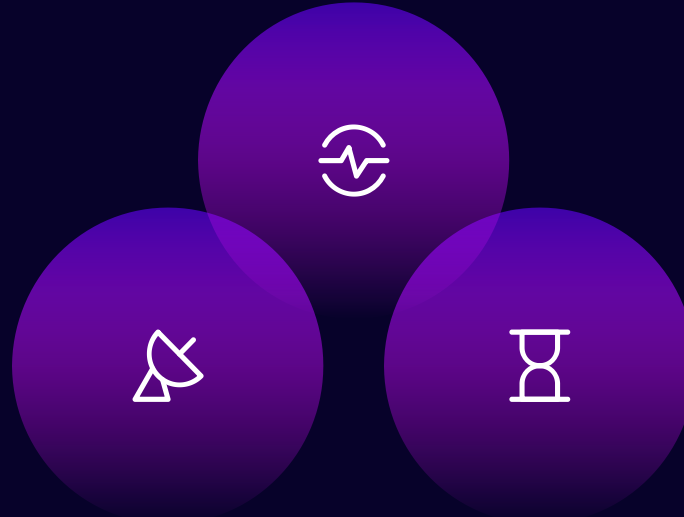

3% Auto Liquidity Pool

3% of every transaction contributes towards generating liquidity that goes automatically into pancakeswap.

3% Marketing

3% of every transaction is allocated in marketing budget and contributes to fuel platform developments and aggressive promotions.

3% redistributed

3% of every transaction is redistributed to all holders.

Coinpad Features

DAO

Ownership renounced

No one wants to lose the power of the manipulation of the holders money, but we did.
The team doesn't hold tokens, so the success of token only depends on the holders.

Only 67 millions tokens

Total 100 millions tokens: 33 millions burned and only 67 millions tokens left.
The supply of tokens will gradually decrease with the transaction, and the price will increase accordingly.

Associate

IDO coin is associated with coinpad. When buying new coins, coinpad will be repurchased and destroyed to increase its price.

Coinpad

Coinpad aims to be the most comprehensive multifunctional platform!

1

Launch pad

Investors holding a certain number of Coinpad tokens can participate in the exclusive IDOs.

2

Coinpad swap

Coinpad will offer the best on-chain pricing and multi-chain arbitrage and trading.

3

Game center

We aim to visualize a decentralized DeFi & NFT space, where people can farm&collect NFTs or play games to earn Coinpad token.

Launch pad

Coinpad will incubate some of the exclusive IDOs on our IDO launchpad. If investors hold a certain number of Coinpad tokens, they can participate in the exclusive IDOs.

Coinpad

Coinpad is committed to become the most comprehensive IDO platform offering a series of mature services for partners, including contract, audit and KYC. And give full play to our powerful resource integration capabilities to help more projects!

Cooperation

For Coinpad, we will be frequently collaborating with celebrities, influencers and other community projects with teams, giving us more exposure and investors!

Launch

A project will be launched from Coinpad Ecosystem every Month, and giving us evergrowing hype. investors and userbase.

Kyc

Coinpad will initiate partnerships and feature projects with optional KYC to ensure that every project is safe and reliable for investors. We have deep cooperation with many organizations.

Coinpad swap

Coinpad will offer the best on-chain pricing and multi-chain arbitrage and trading, allows users to experience revolutionary benefits through optimizing their trades with Coinpad's unique features: Liquidity Queues, Hybrid Routing, and Inter-Chain Liquidity Swaps, all on a one platform.

Coinpad swap

01

Coinpad will be the most user friendly and straight forward bot trading platform on the market. Once you have launched the coinpad app, the first step is to connect your wallet. Click on the “Connect Wallet” button at the top right of the page and your wallet will prompt you to verify your identity. After this is complete you are free to start trading!

02

Begin by clicking on the “Token Contract Search” bar and enter the name or contract address that you would like to swap. Once you have selected your pair, the “Exchange” tile will be automatically populated along with the “Maximum Gas”, “Allowances”, and “Strategies” tiles.

Game center

We aim to visualize a decentralized and borderless DeFi & NFT space, where people can farm&collect NFTs or play games to earn Coinpad token and other respective partner tokens. All can use our crypto solutions to facilitate new features and utilities for their crypto token.
